10 July 1970

MEMORANDUM FOR: Director of Training

SUBJECT: Weekly Activities Report No. 28
6 - 10 July 1970

25X1A9a

1. Mr. Harry Eisenbeiss, the new Chief of CRS, Mr. [REDACTED] X1A9a

The main topic discussed was the acquisition of foreign language films. It was apparent to us that at this point CRS does not have a capability to acquire films which are controlled by foreign distributors. CRS will attempt to develop channels to obtain these foreign films. If access to them cannot be gained via already established channels they will seek help from the CS. We are resubmitting a request for four foreign films which ALT/OS/TR wants. CRS has promised to respond regarding the cost, availability, etc. of each of these films.

CRS asked us to justify each film purchase or lease request. It is the only way they can establish OTR priority relative to the requirements of other components. They, too, are operating on a restricted budget and anticipate further restrictions. We agreed publicity and notification to OTR on the acquisitions of films and TV tapes by CRS was working well and need not be changed.

The meeting cleared the air and opened communications which had in the past been curt and abrasive. The whole new team in CRS appears willing to give us the best service possible. We in turn must designate our priorities and give them proper justification for our requests.

2. At [redacted] suggestion Mr. Gene Bennett of the Systems and Technology Division in the Bureau of Training of the Civil Service Commission visited me today. He is setting up a committee of representatives of the Federal agencies as a forum for the exchange of ideas, problems, solutions, etc. in the training systems and technology (media, PAI, CAI) area. [redacted] and I will plan to attend the preliminary meeting tentatively scheduled for 21 August.

3. The enrollment for Monday's National Interdepartmental Seminar (NIS) has dropped to four again, with the cancellation on 7 July of two of the three AF students. We now have the following nominees: [redacted] AF; [redacted] OTR; [redacted] DMS; and [redacted] Mrs.), OER.

The briefing is being conducted on 9 July at 1400 hours.

[redacted]

4. [redacted] OTR, just returned from a tour in the Middle East, was briefed in AIR on 7 July in connection with his assignment to the Army War College. Since he did not return in time for the 29 June Senior Officer Orientation, a special briefing by SIWA personnel has been set up for 10 July. Mr. [redacted] is also making a prior trip to Car [redacted] who is still [redacted] We have also put [redacted] in touch with another AWC graduate, [redacted] OSR.

5. FY 1971 quota allocations have now been received for most of our standard Department of Defense weapons courses and AIR is in the process of assigning these to the various components, based on past utilization and new requirements. Quotas have been received from the Department of the Air Force for the three courses we use at Maxwell Air Force Base: Space Orientation, Fundamentals of Space Operations, and Weapons Employment Planning; from the Strategic Air Command for Ballistic Missile Staff Course and Ballistic Missile Senior Course, both at Vandenberg Air Force Base; and from the Defense Atomic Support Agency for the most widely used of the DOD courses: Nuclear Weapons Design Information Course and Nuclear Weapons Orientation Advanced Course, conducted at DASA's Sandia Base, New Mexico. In all cases we were given the spaces we requested. We did not completely use our FY 70 quota from the Department of the Army CONARC Headquarters for the Missile and Munitions Logistics Orientation at Huntsville, Alabama. Therefore we didn't request a specific number of slots. We will ask for them on an ad hoc basis.

25X1A9a 8. On 24 June an external request was received in AIR for
Mr. [REDACTED] a GS-16 Physical Scientist in ORD, to attend
a summer institute, "Systems Simulation and Modeling," at the
Massachusetts Institute of Technology, beginning 30 August 1970.
25X1A9a In a statement attached to the Form 136, Mr. [REDACTED] stated that it
was office policy not to show Agency affiliation at universities and
he, therefore, would list himself as an "unattached individual."

25X1A9a AIR recalled that Mr. [REDACTED] also enrolled in an MIT
summer institute last summer, identifying his employer as "U.S.
25X1C4a Government" [REDACTED] At that time Mr.

25X1A9a 25X1A9a [REDACTED] DC/CCS, had considered forcing Mr. [REDACTED] to withdraw
from this course, because of the compromise [REDACTED] had used the
CIA telephone number on the form), and so wrote in memos to D/ORD
25X1A9a and DTR. DC/CCS finally relented and [REDACTED] attended the course.

25X1A9a In view of last summer's "flap" and the Central Cover Staff's
continued interest in knowing what Agency employees are attending
what universities, whether overt or covert, and since in effect
Mr. [REDACTED] his training, we forwarded the
request to CCS on 29 June without OTR approval. To date we have
not had a reply from CCS, nor have they returned the request to AIR.
